WORK EXPERIENCE

Ottobock

Junior IT Project Coordinator

Berlin, Germany

Jan 2025 - Jul 2026

- Coordinated end-to-end IT project activities, supporting project planning, scheduling, risk tracking, and successful delivery in Agile environments.
- Managed stakeholder communication across business teams, developers, QA, and external partners, ensuring alignment and timely project execution.
- Prepared and maintained project documentation, including requirements, status reports, meeting minutes, and implementation plans using Jira and Confluence.
- Supported software implementation, UAT, and Go-Live activities, identifying and resolving project issues to ensure smooth deployments and improved project transparency.

EMIL Group

Working Student – IT Project Management

Berlin, Germany

Jun 2024- Nov 2024

- Coordinated SaaS implementation activities, supporting project planning, customer onboarding, and successful Go-Live execution.
- Gathered and documented business requirements, project updates, and implementation changes to ensure project transparency.
- Facilitated communication between customers, technical teams, and project stakeholders to resolve issues and support project milestones.

- Assisted with Proof of Concept (PoC), solution configuration, and post-implementation support, contributing to efficient project delivery.

AS Technolabs

Android Developer

Ahmedabad, India

May 2021 - Feb 2024

- Developed and maintained scalable Android applications using Java and Kotlin, integrating REST APIs to deliver reliable and user-focused mobile solutions.
- Collaborated with cross-functional Agile teams (UI/UX, QA, and backend developers) to deliver high-quality features, participate in sprint planning, and ensure on-time software releases.
- Improved application performance by troubleshooting and resolving software defects, while preparing technical documentation to support deployment and ongoing maintenance.

Pp Infotech

Android Intern

Ahmedabad, India

Feb 2020 - May 2021

- Assisted in tracking project tasks, debugging issues, and ensuring timely resolution of development bottlenecks.
- Supported coordination between development and QA teams for smooth feature delivery and release cycles.
- Participated in Agile ceremonies including sprint planning and daily stand-ups and also Contributed to documentation and version control processes using Git.
